Past Performance

Federal Deposit Insurance Corporation (FDIC)
— IT Services, Web Services, & Data Analytics
CTI redesigned and launched **FDIC.gov**. We implement Agile sprints across website migration projects, engage in full stack development across the enterprise, and lead the effort to move FDIC.gov to the Cloud.

General Services Administration (GSA)
— Web Services
We design, create and publish digital content to users in English and Spanish GSA websites (**USA.gov**, and **USA.gov/es**) and social media. Our web development, content management, online marketing, analysis of website metrics, and improvements revolutionized the way data is stored and shared at GSA.

Department of Labor (DOL) Employment Benefits Security Administration (EBSA)
— IT Services (Help Desk, Application Support, and Asset Management)
At DOL, we provided service desk administration (including Tier 0 to Tier 3 help desk support), application support, new user onboarding, asset management, equipment repair and replacement, IT enforcement support, and continuous improvement. We have proudly supported the DOL for over ten (10) years.
